

how 2 Love

dear dorris,

I like my boyfriend
but I can't deal
with his friends.
What should I do?

Every beloved has a life
beyond your relationship

made of work, hobbies,
friends & family

But sometimes we
do not fit

& if we expect them to drop
these extra things

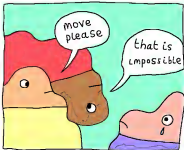

then we lose who they
really are.

If we talk about it,
maybe they can arrange things
differently...

but if that is impossible

then maybe we don't
fit together.
